

I am a native of South Carolina, born in Clover, where I attended school and graduated from Clover High. Shortly after graduating I joined the army. After serving in Vietnam for two years, I returned home, met Linda, and married her in 1972. At night, I attended college courses on the GI Bill and received a BA in Business Administration. In 1978, Linda and I had our daughter and raised her in Clover. I worked for 34 years in the textile machine repair business until most of the mills closed. After that, I worked in Charlotte for several years until we decided we wanted to move to the beach. Linda and I are both retired and feel that we have made our home in paradise. We have been members of the OD Shag club for about 11 years. During that time, I have enjoyed the fun and fellowship and have met many wonderful people. I try to participate in all the meetings, and I have worked selling golf cart tickets, OD Shag clothing, and 50/50 tickets. I have decorated my golf cart for the parades and helped with many other club activities. I look forward to serving you on the board.
